

# *The* **Honky Tonkers**

The Honky Tonkers are a quartet of A-list, seasoned Seattle musicians who love to play old-school, West Coast Bakersfield-style country music, aka honky tonk music. This is music for dancing: two-stepping, the cowboy cha-cha, swing, free-style! It is fun music about love found, love lost, drinking, dancing, and having a good time, even when times are bad. The Honky Tonkers deliver the songs, feel, and style of Buck Owens, Merle Haggard, George Jones, Bob Wills, Hank Williams, Willie Nelson, Marty Robbins, George Strait, and more, with their own unique sound, and make this traditional music as current as today with great new honky tonk songs of their own. A honky tonk is where you go to have a good time with your friends, and The Honky Tonkers' music brings that feeling to the audience. As the band's motto puts it...

**We're the Honky Tonkers, and so are you!**
